PRINCIPALS

Emory H. Markle
Supervising Principal

Accept my best wishes for success, but have no delusions concerning the world in which you are to have a large participation.

Never before in the history of mankind has our country enjoyed such advancements in technology, science, communication and transportation. These have enlarged the individual's horizons beyond the wildest imagination of yesterday.

Individual initiative and free enterprise belong to our American heritage, and to surrender them would rob the world of its last great hope.

As we approach the new era in which we are about to embark, we must bear in mind that important is a sincere and honest feeling for education - the source which gives power and strength to our democratic form of government.

Emory H. Markle

To the Seniors:

Twelve years have elapsed since you first entered a school door. During the intervening years you've grown physically, intellectually, emotionally, and spiritually. Your own efforts and the efforts of others have stimulated this growth. It is hoped that maturity has made you less self-centered and more aware of the needs of others. Your life will be as big as the things about which you are concerned, you will repay with interest the efforts of those who helped you, by alleviating those concerns.

I congratulate you, the class of '62', and wish for you the best in life.

Sincerely,

Thomas A. Schade

CLAS OFFICERS OF 1962

SENIOR CLASS OFFICERS: Diane Stetler, Secretary; Kathleen Lehigh, Historian; Bob Wildasin, President; Barbara Burns, Treasurer; Ron Geisey, Vice President.

CLASS HISTORY

We, the graduating class of 1962, entered the newly erected South Western High School building in our sophomore year. We were full of expectation and anxiety as we pursued our new curricula in different parts of the building. It was our unusual privilege to be taught by a group of teachers, many of whom were recent college graduates, with their enthusiasm not yet dulled by the classroom grind. It was they who have guided us through our three high school years, learning by hard experience while teaching us.

We wish to express our gratitude to all those teachers who have given their utmost to prepare us to fill our places in the troubled world that we are about to enter.

Our Senior year was spent with last minute cramming to complete book reports for Monday morning, when we only had the first few pages of the 500 page book read on Friday night. Our term papers also presented similar problems.

However, there were many other things to occupy our minds besides book learning. There were our great athletic teams which we supported with our best zeal, our proms, hops, plays, concerts, and our memorable Senior trip to New York. We engaged in various clubs and extracurricular activities, all of which helped to prepare us for life situations.

Our Senior year was shared with Werner Glemnitz, an exchange student from Germany whose friendliness and intellect we have grown to admire.

This class has a peculiarity that should not pass unnoticed. It is our "lingo," which serves us well with many laughs and enjoyments. We use such expressions as "lawful crasty" and the "ole" this and that. Even though these sayings do not contribute to our wealth of knowledge, they enrich and link the students in a common bond of joviality.

We, the graduating class of 1962, are now on the threshold of a new door. May each of us open the door that will lead to a life of happiness for ourselves and profit for others.

Kathleen Lehigh, Historian

South Western Senior High School
We love thy name so dear.
We'll always try to keep it
So high and ever near.
For you have given to us
Thy honor, strength and might.
We'll raise our voices to hold high
The black and white.

To thee dear Alma Mater
This ringing song we raise.
A song that's filled with gladness
A song that's filled with praise.
We cannot e'er forget thee
Nor let our spirit die.
But keep in tune with your ideals
South Western we will try.

EXCHANGE STUDENT

On February 11, 1943, I was born as the third son of a farmer in the eastern territories of Germany, near Breslau.

In the year 1945 we were banished from our homes by the Russian troops and moved to a new farm in East Germany. I entered school in 1949. After eight years in elementary school and one year in high school, my parents and I again fled as refugees, this time to West Germany. There I began going to a gymnasium.

Two major differences exist between the American and the German school systems. We attend elementary and secondary schools for thirteen years. We study between ten and fifteen subjects, none of which are electives.

I am glad to be at South Western High School and to make my home with the Harry W. Campbell family at Hanover. I enjoy Americans and the American way of life. Living in a foreign country is always an experience but overcoming the language obstacle is a constant effort.

SPORTS

For Scott and the Mustangs' closed 1960 varsity season with a 7 and 3 record, that played their part for third place in the Laurel League Conference. To an entire school it is and often that goes into such a winning season is due to you, ladies. No one here is more devoted to the game of football than our coaches. Our coaches, who are good football players in their own right, devote all their hearts to the team and its needs. We owe these men a vote of thanks.

The team as a whole always put their best efforts forth, we have a lot of respect which is the key to our continued success. To the up and coming team of next year we wish the best of luck for the 1962 season.
